

Outro (thank you)

Written and Produced by Nathan Histed

[Intro]

(Heeeeee we go-o-oh-ok)

[Verse 1]

Most artists think that they should put their thank yous in a book
But why not turn it all into a hook?
Make it a song? Call it the outro...
I have some people that I think you need to know

[Verse 2]

First we'll start out with my angels, [my mom, my dad](#)
The people who brought me here
I hope that you're proud, not because of any of this
But because of who I've become
I hope you're up in heaven hearing this song, watching me record it
I wish you were standing with me in the booth
Everything that I started I put my heart into
I'm finally doing it and it's all because of you!

[Pre-Chorus]

My hero, [Dad](#) (God I miss you)
You took me to my first recording studio
Still have that demo tape, it's so funny to listen to
You were my rock
And [Mom](#) (I just want a hug from you)
You were my biggest fan, you raised one hell of a man
And at 8:55, I look up at the stars 'cause there you are

[Chorus]

[Grandma, Grandpa](#), you instilled the creator in me
[Grandpa](#), you taught me to document my dreams along the way
Everything I do, every creative move is because of you
I wouldn't be [Nathan](#) if it weren't for you two

[Verse 3]

And then we had some heartbreak
[Bryan, Ty, Shamar](#) then... (ugh and yeah) [Ty](#) again...
(I don't learn my lesson)
Can the list go on? I'm sure
But those are the three who hit me at the core
[Ty](#) (hmm), you brought me [Rusty](#), so I'm forever grateful for you
Even though you couldn't make it work with me
I hope your work works for you
Either way I'm making my dreams come true
I'll find another ride or die... hahaha
Oh shit, his name's [Rusty](#) (duh)

[Bridge]

We also have to thank my idol [Brandy](#) (B-Rocka)
My vocal bible (ohhhh-oo!)
You taught me everything about my voice
How to use it, to do what I want with it
How I want, when I want
When we met that day back in May when you were on Broadway
(The name on everybody's lips was gonna be... [Brandy](#)!)
Got you your Ricola's and roses every night, do you remember?
Of course you do, I'm your [Natey](#) pool!

[Verse 4]

[Tionne](#), I couldn't even begin to say how much you influence my story
My life day to day, all the things that you've taught me along the way
I'll never discredit all the things you showed me
All the experiences I've seen, all the people that I met
I was living out my dreams, and it was because of my queen
I'll never discredit [TLC](#) for being who they are
Their music stands strong, real Tip
CrazySexyCool, FanMail, and 3D
You, [Lisa](#), and [Ro](#) made history, and made dreams come true

And then of course I gotta thank my family

To my sisters... [Jen](#), [Shaina](#) and [Chandra](#)
I can't forget (oooh) my beautiful Auntie... [Aunt Colleen](#) (Auntie)
I look in your eyes and I see my [mom](#) and that's such a beautiful thing
What would I do without you?
Most importantly who would I be without my boys, my nephews
[Damian](#), my firstborn nephew, how I thought that a bond like that was only once
Then [Bryce](#) came along and he's carrying that title and torch right alongside with you
And hand in hand you both light up my world

[Breakdown]

You better never lose that spark that shines inside of you
You're the strongest, smartest boys I've ever did meet
Never lose that personality and stay true to your dreams
(Don't forget what [Uncle Nate](#) told you)

[Interlude]

B-b-b-but oh wait, m, w-w-wait a minute
You didn't think I'd forget ya did you?
Nah!! Nope- [Krista](#) - I-could-never ever forget you
(oh-oh-oh-oh)
Remember "you jump, I jump?"
Can we not jump though please... I don't wanna have to jump in my clothes
I love you!!

[Outro]

If I forgot anybody I'm sorry, I promise I didn't actually forget you
Oooh I thank you!
For being a part of my life, my journey, my art
Whether you still are, were, or will be... I'm thankful
Because without you I wouldn't be this version of me living his dreams
The good (oooh) and ugly inspired this work of art
A piece of all of you are in its DNA
I hope you all enjoy it!

[Final Spoken Word]

I put my soul, my whole heart, every last bit of me
Hoping that somebody else could hear that what life throws at you, can still turn around
Pleasease don't ever, please never forget your Raw history
And don't you ever be afraid to use your voice
You never know (never know) who you might be inspiring
Whose life you might be (inspiring) saving, including your own
Be kind... to yourself
I'll see you next time
I love you all.
Love, [Nathan](#)
